Variable Rate

The **ANNUAL PERCENTAGE RATE (APR)** is subject to change on the first day of the billing cycle to reflect any changes in the Index and will be determined by the Prime Rate as published in the *WSJ Money Rates* table to which we add a margin. The APR will never be greater than 18%. Any increase in the APR will take the form of additional payments shown as the Total Minimum Payments on statement. If the index is no longer available, the Credit Union will choose a new index which is based upon comparable information. Rate changes will take effect at a minimum of forty-five (45) days after the Federal Reserve makes an adjustment to the Prime Rate.
